Report on Review of Interim Condensed Consolidated Financial Statements

To the Board of Directors of Çalık Holding Anonim Şirketi

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Çalık Holding Anonim Şirketi ("the Company") and its subsidiaries ("the Group") as of June 30, 2020 and the interim condensed consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and the consolidated statement of cash flows for the sixmonth period then ended, and explanatory notes. Group management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, Interim Financial Reporting (IAS 34). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements (ISRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

Notes to the Condensed Consolidated Interim Financial Statements As at and for the Six-Month Period Ended 30 June 2020

(Amounts expressed in thousands of USD unless otherwise stated.)

2 Basis of presentation of consolidated financial statements

2.1 Basis of preparation

2.1.1 Financial reporting standards

The condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34 ("IAS 34") "Interim Financial Reporting". Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the consolidated financial position and the consolidated performance of the Group since the last annual consolidated financial statements as of and for the period ended June 30, 2020.

These condensed consolidated interim financial statements do not include all the information required for a complete set of financial statements prepared in accordance with International Financial Reporting Standards ("IFRS") and should be considered together with consolidated financial statements as at and for the period ended June 30, 2020. Interim financial results alone cannot be indicative of year-end results.

The interim condensed consolidated financial statements have been prepared on the historical cost basis and for the Turkish entities as adjusted for the effects of inflation that lasted by December 31, 2005.

2.1.2 Comparatives and adjustment of prior periods' financial statements

The current period condensed consolidated financial statements of the Group include comparative financial information to enable the determination of the financial position and performance. Comparative figures are reclassified, where necessary, to conform to the changes in the presentation of the current period condensed consolidated financial statements.

2.1.3 Foreign currency conversion

Functional and presentation currency

Each item in the financial statements of the Company, its Subsidiaries, Joint Ventures and Associates is accounted for using the currency of the primary economic environment in which the entity operates (the "functional currency"). Considering the size of projects abroad relative to the local ones and the potential dividend paying main subsidiaries being abroad, the company has determined its functional currency as USD. As of 30 June 2020, there is no change in functional currencies compared to year-end. The condensed interim consolidated financial statements are presented in USD, which is the presentation currency of Çalık Holding.

Notes to the Condensed Consolidated Interim Financial Statements As at and for the Six-Month Period Ended 30 June 2020

(Amounts expressed in thousands of USD unless otherwise stated.)

2 Basis of presentation of consolidated financial statements (continued)

2.1 Basis of preparation (continued)

Foreign currency transactions and balances

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences are generally recognised in profit or loss and presented within finance costs.

However, foreign currency differences arising from the translation of the following items are recognised in OCI:

- an investment in equity securities designated as at FVOCI (2017: available-for-sale equity investments (except on impairment, in which case foreign currency differences that have been recognised in OCI are reclassified to profit or loss)
- a financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective
- qualifying cash flow hedges to the extent that the hedges are effective.

The following significant foreign exchange rates are applied as at 30 June 2020 and 31 December 2019 are as follows:

	<u>30 June 2020</u>	<u>31 December 2019</u>
Euro / TL	7,7082	6,6506
USD / TL	6,8422	5,9402
Euro / USD	1,1266	1,1196
TL / USD	0,1462	0,1683

The accounting policies applied in the preparation of the consolidated financial statements as of 1 January - 30 June 2020 are consistent with those applied in the preparation of the consolidated financial statements as of 31 December 2019, except for the new and amended IFRS standards which are valid as of 1 January 2020 and International Financial Reporting Interpretations Committee's ("IFRIC") interpretations summarised below.

2.2 The new standards, amendments and interpretations in International Financial Reporting Standards

The accounting policies adopted in preparation of the consolidated financial statements as at June 30, 2020 are consistent with those of the previous financial year, except for the adoption of new and amended IFRS and IFRIC interpretations effective as of January 1, 2020. The effects of these standards and interpretations on the Group's financial position and performance have been disclosed in the related paragraphs.

i. The new standards, amendments and interpretations which are effective as at January 1, 2020 are as follows:

Definition of a Business (Amendments to IFRS 3)

In October 2018, the IASB issued amendments to the definition of a business in IFRS 3 Business Combinations. The amendments are intended to assist entities to determine whether an acquired set of activities assets is a business or not.

Notes to the Condensed Consolidated Interim Financial Statements As at and for the Six-Month Period Ended 30 June 2020

(Amounts expressed in thousands of USD unless otherwise stated.)

2 Basis of presentation of consolidated financial statements (continued)

2.2 Amendments in International Financial Reporting Standards (continued)

i. The new standards, amendments and interpretations which are effective as at January 1, 2020 are as follows: (continued)

Definition of a Business (Amendments to IFRS 3) (continued)

The amendments:

- clarify the minimum requirements for a business;
- remove the assessment of whether market participants are capable of replacing any missing elements;
- add guidance to help entities assess whether an acquired process is substantive;
- narrow the definitions of a business and of outputs; and
- introduce an optional fair value concentration test.

The amendments to IFRS 3 are effective for annual reporting periods beginning on or after 1 January 2020 and apply prospectively.

The amendments did not have a significant impact on the financial position or performance of the Group.

Amendments to IFRS 9, IAS 39 and IFRS 7- Interest Rate Benchmark Reform

The amendments issued to IFRS 9 and IAS 39 which are effective for periods beginning on or after 1 January 2020 provide reliefs which enable hedge accounting to continue. For these reliefs, it is assumed that the benchmark on which the cash flows of hedged risk or item are based and/or, the benchmark on which the cash flows of the hedging instrument are based, are not altered as a result of IBOR reform in connection with interest rate benchmark reform.

Reliefs used as a result of amendments in IFRS 9 and IAS 39 is aimed to be disclosed in financial statements based on the amendments made in IFRS 7.

The amendments did not have a significant impact on the financial position or performance of the Group.

Definition of Material (Amendments to IAS 1 and IAS 8)

In October 2018, the IASB issued amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors to align the definition of 'material' across the standards and to clarify certain aspects of the definition. The new definition states that, 'Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity. The amendments clarify that materiality will depend on the nature or magnitude of information, or both. An entity will need to assess whether the information, either individually or in combination with other information, is material in the context of the financial statements.

The amendments to IAS 1 and IAS 8 are required to be applied for annual periods beginning on or after 1 January 2020.

The amendments did not have a significant impact on the financial position or performance of the Group.

2.2 Amendments in International Financial Reporting Standards (continued)

i. The new standards, amendments and interpretations which are effective as at January 1, 2020 are as follows: (continued)

Amendments to IFRS 16 - Covid-19 Rent Related Concessions

In May 2020, the IASB issued amendments to IFRS 16 Leases to provide relief to lessees from applying IFRS 16 guidance on lease modifications to rent concessions arising a direct consequence of the Covid-19 pandemic. A lessee that makes this election accounts for any change in lease payments related rent concession the same way it would account for the change under the standard, if the change were not a lease modification.

The practical expedient applies only to rent concessions occurring as a direct consequence of the Covid-19 pandemic and only if all of the following conditions are met:

- The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change.
- Any reduction in lease payments affects only payments originally due on or before 30 June 2021
- There is no substantive change to other terms and conditions of the lease.

A lessee will apply the amendment for annual reporting periods beginning on or after 1 June 2020. Early application of the amendments is permitted. The amendments did not have a significant impact on the financial position or performance of the Group.

ii. Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the consolidated financial statements are as follows. The Group will make the necessary changes if not indicated otherwise, which will be affecting the consolidated financial statements and disclosures, when the new standards and interpretations become effective.

IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments)

In December 2015, the IASB postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted. The Group will wait until the final amendment to assess the impacts of the changes.

IFRS 17 - The new Standard for insurance contracts

The IASB issued IFRS 17, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. IFRS 17 model combines a current balance sheet measurement of insurance contract liabilities with the recognition of profit over the period that services are provided. Certain changes in the estimates of future cash flows and the risk adjustment are also recognised over the period that services are provided. Entities will have an option to present the effect of changes in discount rates either in profit and loss or in OCI. The standard includes specific guidance on measurement and presentation for insurance contracts with participation features. IFRS 17 will become effective for annual reporting periods beginning on or after 1 January 2023; early application is permitted.

The Group is in the process of assessing the impact of the standard on financial position or performance of the Group.

 - ii. Standards issued but not yet effective and not early adopted (continued)

Amendments to IAS 1- Classification of Liabilities as Current and Non-Current Liabilities

23 January 2020, the IASB issued amendments to IAS 1 Presentation of Financial Statements. The amendments issued to IAS 1 which are effective for periods beginning on or after 1 January 2023, clarify the criteria for the classification of a liability as either current or non-current. Amendments must be applied retrospectively in accordance with IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors. Early application is permitted.

The Group is in the process of assessing the impact of the standard on financial position or performance of the Group.

Amendments to IFRS 3 – Reference to the Conceptual Framework

In May 2020, the IASB issued amendments to IFRS 3 Business combinations. The amendments are intended to replace to a reference to a previous version of the IASB's Conceptual Framework (the 1989 Framework) with a reference to the current version issued in March 2018 (the Conceptual Framework) without significantly changing requirements of IFRS 3. At the same time, the amendments add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date. The amendments issued to IFRS 3 which are effective for periods beginning on or after 1 January 2022 and must be applied retrospectively. Earlier application is permitted if, at the same time or earlier, an entity also applies all of the amendments contained in the Amendments to References to the Conceptual Framework in IFRS standards (March 2018).

The Group is in the process of assessing the impact of the standard on financial position or performance of the Group.

Amendments to IAS 16 - Proceeds before intended use

In May 2020, the IASB issued amendments to IAS 16 Property, plant and equipment. The amendment prohibits entities from deducting from the cost of an item of property, plant and equipment (PP&E), any proceeds of the sale of items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and costs of producing those items, in profit or loss. The amendments issued to IAS 16 which are effective for periods beginning on or after 1 January 2022. Amendments must be applied prospectively only to items of PP&E made available for use on or after beginning of the earliest period presented when the entity first applies the amendment.

There is no transition relief for the first time adopters.

The Group is in the process of assessing the impact of the standard on financial position or performance of the Group.

Amendments to IAS 37 – Onerous contracts – Costs of Fulfilling a Contract

In May 2020, the IASB issued amendments to IAS 37 Provisions, Contingent Liabilities and Contingent assets. The amendments issued to IAS 37 which are effective for periods beginning on or after 1 January 2022, to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making and also apply a "directly related cost approach". Amendments must be applied retrospectively to contracts for which an entity has not fulfilled all of its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Earlier application is permitted and must be disclosed.

The Group is in the process of assessing the impact of the standard on financial position or performance of the Group.

Annual Improvements – 2018–2020 Cycle

In May 2020, the IASB issued Annual Improvements to IFRS Standards 2018–2020 Cycle, amending the followings:

- *IFRS 1 First-time Adoption of International Financial Reporting Standards Subsidiary as a first-time adopter:* The amendment permits a subsidiary to measure cumulative translation differences using the amounts reported by the parent. The amendment is also applied to an associate or joint venture.
- *IFRS 9 Financial Instruments Fees in the "10 per cent test" for derecognition of financial liabilities:* The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either borrower or lender on the other's behalf.
- *IAS 41 Agriculture Taxation in fair value measurements:* The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring fair value of assets within the scope of IAS 41.

Improvements are effective for annual reporting periods beginning on or after 1 January 2022. Earlier application is permitted for all.

The Group is in the process of assessing the impact of the standard on financial position or performance of the Group.

2 Basis of presentation of consolidated financial statements (continued)

2.3 Summary of Significant Accounting Policies

The interim condensed consolidated financial statements for the period ended 30 June 2020 have been prepared in accordance with IAS 34. The accounting policies used in the preparation of these interim condensed consolidated financial statements for the period ended 30 June 2020 are consistent with those used in the preparation of annual consolidated financial statements for the year ended 31 December 2019 except for the changes in accounting policies explained in Note 2. Accordingly, these interim condensed consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended 31 December 2019.

2.4 Significant Accounting Evaluations, Estimates and Assumptions

Preparation of consolidated financial statements requires the usage of estimations and assumptions which may affect the reported amounts of assets and liabilities as of the balance sheet date, disclosure of contingent assets and liabilities and reported amounts of income and expenses during the financial period. The accounting assessments, forecasts and assumptions are reviewed continuously considering the past experiences, other factors and the reasonable expectations about the future events under current conditions. Although the estimations and assumptions are based on the best estimates of the management's existing incidents and operations, they may differ from the actual results. Significant accounting estimates and assumptions are consistent with financial statements for the year ended 31 December 2019.

22 Taxation

Turkey

Corporate income tax is levied on the statutory corporate income tax base, which is determined by modifying income for certain tax exclusions and allowances.

In Turkey, corporate tax rate is 22 percent as at 30 June 2020 (31 December 2019: 22 percent) temporary corporate tax return are filled on a quarterly basis. According to the Corporate Tax Law, 75 percent of the income obtained from the sales of subsidiaries and real estates owned for at least two years is subject to tax exemption if it is recorded in the equity accounts within five years from the date of sale. The remaining 25 percent is subject to corporate tax. As of 2018 the rates has been revised to 50 percent for real estate.

In accordance with the "Law on the Amendment of Certain Tax Acts and Some Other Laws" numbered 7061 and published in Official Gazette on 5 December 2017; the corporate tax rate for the years 2018, 2019 and 2020 has been increased from 20% to 22%. Therefore, deferred tax assets and liabilities are calculated with 22% tax rate for the temporary differences that will be realised in 2018, 2019 and 2020; and with 20% tax rate for the temporary differences that will be realised after 2021 and onwards.

There is also a withholding tax on the dividends paid and is accrued only at the time of such payments. According to the amendments in the tax legislations, which became effective from 24 April 2003, dividends that are paid to the shareholders from the profits of the years between 1999 and 2002 are immune from the withholding tax, if such profits are exempted from corporation tax bases of the companies. As per the decision no.2006/10731 of the Council of Ministers published in the Official Gazette no.26237 dated 23 July 2006, certain duty rates included in the articles no.15 and 30 of the new Corporate Tax Law no:5520 revised.

Accordingly, the withholding tax rate on the dividend payments other than the ones paid to the nonresident institutions generating income in Turkey through their operations or permanent representatives and the resident institutions was increased from 10 percent to 15 percent. In applying the withholding tax rates on dividend payments to the nonresident institutions and the individuals the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account.

In Turkey, the tax legislation does not permit a parent company and its subsidiaries to file a consolidated tax return. Therefore, provision for taxes shown in the consolidated financial statements reflects the total amount of taxes calculated on each entity that are included in the consolidation.

Taxation (continued)

Under the Turkish taxation system, tax losses can be carried forward to be offset against future taxable income for up to five years. Tax losses cannot be carried back.

In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns within four months following the close of the accounting year to which they relate. Tax returns are open for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue reassessments based on their findings.

Possible tax audits

In Turkey, the tax and other government authorities (Social Security Institution) have the right to inspect the Group's tax returns and accounting records for the past five fiscal years. The Group has not recorded a provision for any additional taxes for the fiscal years that remained unaudited, as the amount cannot be estimated with any degree of uncertainty. The Group's management believes that no material assessment will arise from any future inspection for unaudited fiscal years.

Transfer pricing regulations

In Turkey, the transfer pricing provisions have been stated under the Article 13 of Corporate Tax Law with the heading of "disguised profit distribution via transfer pricing". The General Communiqué on disguised profit distribution via Transfer Pricing, dated 18 November 2007 sets details about implementation.

If a taxpayer enters into transactions regarding sale or purchase of goods and services with related parties, where the prices are not set in accordance with arm's length principle, then related profits are considered to be distributed in a disguised manner through transfer pricing. Such disguised profit distributions through transfer pricing are not accepted as tax deductible for corporate income tax purposes.

Tax applications for foreign subsidiaries and joint ventures of the Group

As of 30 June 2020, there is no change the Group, its subsidiary and joint ventures tax applications compared to year-end.

Currency risk

The Group is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the respective functional currencies of Group entities. Such transactions with a currency other than the functional currency pose a currency risk.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Group ensures that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

The Group is exposed to currency risk through the impact of rate changes on the translation of foreign currency denominated payables and bank borrowings from financial institutions. Such risk is monitored by the Board of Directors and limited through taking positions within approved limits as well as using derivative instruments where necessary

To minimise risk arising from foreign currency denominated statement of financial position items, the Group sometimes utilises derivative instruments as well as keeping part of its idle cash in foreign currencies.

At 30 June 2020, the currency risk exposures of the Group in USD equivalents are as follows:

Financial instruments – Fair values and risk management (continued)

Fair value information

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or in its absence, the most advantageous market to which the Group has access at that date.

When available, the Group measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted market price in an active market, then the Group uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs.
